

Corporate Social Responsibility

Statement of Intent

ICTS are thoroughly committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

ICTS recognise that, through the delivery of its services, it can have significant impacts on the local, national and even the global environment. Our aim is to lead by example, through ensuring that our relationships with our staff, our suppliers and our clients is driven by sustainability and ethical practice within our decision making and via our service delivery outputs.

ICTS intend to build foundations based upon the Ten Guiding Principals and through the adoption of Sustainable Development Goals to improve, develop and to make a lasting, ongoing and meaningful contribution.

Our ICTS CSR Policy underpins the aspirations set out in this statement in respect to our intent and illustrations in practice.
